 - Third sub-thing one
 - Third sub-thing two

The second slide

A nice little block

$$\begin{cases} \text{minimize} & f(\mathbf{x}) \\ \text{subject to} & \mathbf{x} \in \mathbb{R}^n \end{cases}$$

- Insight into the equation
- Deeper insight
 - Open up insight
 - Open insight even more

⇒ **Heureka!**

Thing we use first

- **A function** $f : \mathbb{R} \rightarrow \mathbb{R}$ is assumed to
 - Assumption 1
 - Assumption 2
 - Assumption 3
- And so forth
- And even further

Also used

I am also a block

... and here I have my important stuff.

Followed by a block without a title.

Followed by free text after some padding.
